Summer Transition Newsletter…

Pre-K/ Kinder-Ready

Welcome to the Summer Program 2023

Hello and welcome to our Summer Program. The children in this program have either completed our Pre 4 ***or*** our Pre K program and will be transitioning into Pre-K ***or*** Kindergarten in the Fall! Some families have been with us throughout the school-year and other families will be new to this program so we want to make sure that your child has a smooth transition either way and that our expectations in order to have a great summer.

The Summer Program is a wraparound program that includes practicing fundamental Pre-K skills such as following a daily schedule, participating in educational experiences, participating in social experiences, water play, in house visitors and of course, exploring outdoors—while also offering of course…childcare!

During the Summer, we do participate in water experiences, both in a splash pad/sprinkler setting **<u>as well as in a pool/swimming setting</u>**. The children are transported across the street (CREATIVE CHILD. INC) on M, W, F. and have the opportunity to swim! Transportation is provided by our vans that you see at Club Creative.

Pool Groups are broken down to 6 children each, with two staff on the pool deck at all times.

There are many different form of flotation devices on deck. Or you may choose to bring your own to KEEP at the center.

There will be food trucks that visit weekly…

<u>You are not required to participate in the food trucks</u> that visit weekly but all Pre-K children will be expected to partake in the in-house trips. Please find the below schedule for the entire Summer 2023, activities, and costs.

For pricing, if your child is currently enrolled, your tuition will be the same based on hours, the Summer Program does not cost more than the regular school year, unless you increase your child's hours.
